

# Reiki 2

## The Practitioner's Degree

Reiki 2 opens additional energy centres and connects you to a greater volume of Reiki Energy. During the course, you are given three sacred symbols, each having a specific function. These symbols can then be used as a focus to enable you to strengthen mental and emotional healing and to send absentee healing. A large part of the training received in Second Degree is centred on the understanding and use of these symbols.

In Reiki 2 training you receive two attunements. At this stage of the training, the energy attunement is greatly amplified and its focus is on the etheric body rather than the physical. As a result of these attunements, you may develop both a greater sensitivity to energy and a psychic awareness.

Techniques are taught to enable you to:

- Focus the energy on the release of mental and emotional blocks
- Focus your mind to enable to send Reiki energy beyond time and space and thus bring about effective absentee healing.
